

Our Mission: To advance and promote optimal nursing care for people affected by pain

Our Goals:

Access to Quality Care — All people will have access to healthcare services that provide quality pain management care.

Public Awareness — The public will demonstrate self-advocacy skills essential to their pain care needs

Professional Resources — members will have instant, easy and affordable access to current, best practices, evidence based resources

Education — All healthcare professionals and their patients will benefit from pain management education

Professional Recognition — Pain management nurses will be respected, valued, and compensated for their expertise as an integrated and indispensable member of the healthcare team
