## **New Career Center Launching for ASPMN**

Olathe, Kansas – ASPMN, the American Society for Pain Management Nursing, announces its newest offering to association members—a Web-based career center that connects job seekers with prospective employers in the pain management nursing industry. The new job board, powered by career services leader **JobTarget**, can be found at <http://aspmn.org/Career/index.htm> . Access is available to ASPMN members and nonmembers alike.

ASPMN’s mission is to advance and promote optimal nursing care for people affected by pain by promoting best nursing practice, says Jerrie Lynn Kind, ASPMN’s Executive Director. “Launching an online career center for professionals in our field - is a natural extension of that mission.”

ASPMN’s employment marketplace, like other JobTarget-powered career centers, distinguishes itself from generalist job boards in a number of ways. These include

- a highly targeted focus on employment opportunities in a certain sector, location, or demographic;
- *anonymous* resume posting and job application—enabling job candidates to stay connected to the employment market while maintaining full control over their confidential information;
- an advanced Job Alert system that notifies candidates of new opportunities matching their own pre-selected criteria;
- access to industry-specific jobs—and top-quality candidates—often not seen on Monster, CareerBuilder, or HotJobs.

“Niche job boards, like the one we’ve designed for ASPMN, are an ideal way to recruit top candidates,” says JobTarget CEO Andrew Banever. “Our customized career centers also attract new members—both individuals and businesses—to associations such as ASPMN. That helps drive participation in conferences, professional development workshops, award programs, and other exclusive benefits.”

To visit the Career Center, visit the ASPMN website [www.aspmn.org](http://www.aspmn.org) and click Career Center. Once there you can immediately post your resume or a job opening. For additional information, please contact ASPMN at [aspmn@goamp.com](mailto:aspmn@goamp.com)

###

The American Society for Pain Management Nursing is an organization of professional nurses dedicated to advancing and promoting optimal nursing care for people affected by pain by promoting best nursing practices. This is accomplished through pain care education, training, advocacy, and research.
