during
Live Q&A

Please join us for a complimentary live web-conference program on Risk Evaluation and Mitigation Strategy (REMS) for The FOCUS™ Program for Onsolis™.

The FOCUS™ Program for Onsolis™ has the following goal:

To mitigate the risk of Onsolis™ overdose, abuse, addiction, and serious complications due to medication errors by:

- Helping to assure proper patient selection, including avoidance of the use of Onsolis™ in opioid non-tolerant patients
- Reducing the risk of exposure to Onsolis™ in persons for whom it was not prescribed, including accidental exposure in children
- Training prescribers, pharmacists, and patients about proper dosing and administration

This program is being offered on four dates at various times for your convenience. Each 60-minute session will consist of a 45-minute presentation, followed by a 15-minute live Q&A session.
